Soft Rollout – Lessons Learned

- Keeping track of training and background check records was very cumbersome and time consuming.

- Program Coordinators weren't always up-to-speed on what to expect next.

- Many of our standard waivers and emergency plans were not written with children in mind.

- The online form wasn't flexible enough for our variety of programs.

- Needed a way to keep track of staff would had been trained and checked through other programs.

- Small or new programs needed more help gathering the required documentation.

Step Three:
**Ongoing Process Improvement**
