Chief Executive Officer
Microsoft Corporation

- We take a principled approach with strong commitments to privacy, security, compliance and transparency.
- Moving to the cloud makes it easier for you to become compliant with privacy regulations by managing and protecting personal data in a centralized location.
- Microsoft is the industry leader in privacy and security with extensive expertise complying with complex regulations.

Overview

Privacy - Microsoft understands that when you, our customer, use our business cloud services, you are entrusting us with your most valuable asset—your data. You trust that its privacy will be protected and that it will be used only in a way that is consistent with your expectations.

General Data Protection Regulation (GDPR) - imposes new rules on organizations in the European Union (EU) and those that offer goods and services to people in the EU, or that collect and analyze data tied to EU residents, no matter where those organizations are located

- **Enhanced** personal privacy rights
- **Increased** duty for protecting data
- **Mandatory** breach reporting
- **Significant** penalties for noncompliance

What key changes result from the GDPR?

Data Subject Rights

Individuals have the right to:

- Access their personal data
- Correct errors in their personal data
- Erase their personal data
- Object to processing of their personal data
- Export personal data

Controls and notifications

Organizations are required to:

- Protect personal data by implementing appropriate security
- Notify authorities of personal data breaches
- Obtain appropriate consent for processing data
- Keep records detailing data processing

Transparent policies

Organizations are required to:

- Provide clear notice of data collection
- Outline processing purposes and use cases
- Define data retention and deletion policies

IT and training

Organizations are required to:

- Train privacy personnel and employees
- Audit and update data policies
- Employ a Data Protection Officer (if required)
- Create and manage compliant vendor contracts

Transparency - Compliance Manager

- ✓ View your compliance posture against evolving regulations in real-time.
- ✓ Take recommended actions to improve your data protection capabilities.
- ✓ Conduct pre-audits to prepare for external audits.

Compliance Manager is a dashboard that provides a summary of your data protection and compliance stature and recommendations to improve data protection and compliance. This is a recommendation, it is up to you to evaluate its effectiveness in your regulatory environment prior to implementation. Recommendations from Compliance Manager should not be interpreted as a guarantee of compliance.
